

Spring 2010

GOLF COURSE

Now when the snow has finally gone we have renewed work on the golf course. Our golf maintenance team is currently working on the Driving Range greens to prepare them for the forthcoming season.

NEWS AND EVENTS

Rally Bulgaria 2010

This year in July Borovets will host the 41st Rally Bulgaria. That is the oldest and most prestigious rally in Bulgaria. Furthermore, this year Rally Bulgaria is making its debut as a round of the 2010 World Rally Championship. The Service Park for the Rally will be located at the Dolna Banya Airport which is just across the street from Ibar. This offers Ibar the exclusive opportunity to welcome guests of the

event. We have been contacted by the Accommodation Reservation Office of the event and by some of the participating teams with regards to accommodation at Ibar. This is your opportunity to rent out your property! We would like to ask Golf Club Ibar members wishing to rent out their properties for the period of 5th through 12th July 2010 to kindly contact our office at info@golfclubibar.com for further details.

More information on the event can be found on the event's official website:

www.rallybulgaria.com/en

WORK ON GARDENS IN STAGE 1

We are happy to inform you that we started work on the landscaping and grassing of gardens in Stage 1. The plan is to have the first group of plots landscaped and grassed by Easter - April 4th or shortly after (depending on the weather). Photos showing progress of the work will be regularly provided for update.

SPRING IS HERE

Spring has arrived at Ibar! After the long and cold winter we believe the refreshing power of spring will bring all of us health, a cheerful heart and renewed strength to meet successfully the challenges we are facing!

As most of you are probably aware the region where Ibar is located is famous for its white storks. The birds are not only a natural wealth and attraction but also a symbol of luck and prosperity. That is why these “Birds of Luck” are not hunted. They are not afraid of people and nest near them. The storks fly back from Africa every spring to find again their nests on many chimneys and poles in Dolna Banya and Kostenets. In 1999 Dolna Banya won 1st place in the National Competition for a settlement with the greatest number of stork nests – 21 nesting couples of white storks. We, at Ibar, keep nature in our hearts and try to protect and preserve it as much as possible. That is why we have decided to raise 4 poles in our complex with beds for nests on their tops in order to attract stork couples to use them and build their nests. Thus we believe we will help some of the white heralds of spring to find a new home and become part of life at Ibar.

***MAY THE JOY OF EASTER STRENGTHEN YOUR SOUL
AND GRACE YOU WITH HAPPINESS AND SUCCESS ON
EASTER AND ALWAYS!***
